

SOME of the sore-head democrats in New York have brought out E. P. Wheeler against D. B. Hill as a candidate for governor of the state at the coming election. By this action they hope to defeat Hill and elect the republican. They claim to be democrats, but have adopted a course which they believe will defeat Hill and aid the enemy. They resemble the sore-heads in New Mexico but have not adopted the name of populists and this is about the only difference.

SOME fellow who has no regard for his future welfare started the report that Judge Boone, the democratic candidate for the legislature from this county, would withdraw from the race, but THE EAGLE is in a position to say that the judge is in the race to stay and he is going to be elected, too. The judge is a straight democrat, never was a republican and never ran for office on the greenback or populist ticket and don't expect to.

THOMAS B. CATRON is one of the parties interested in the great Peralta grant which includes all the territory between Silver City and Phoenix, Arizona. The attorneys for the United States say that there is not a single claim made by the claimants to the grant which can be substantiated. The documents are forgeries from beginning to end and yet the man of "brains and energy" would get this grant confirmed if he could.

IF the populists succeed in polling enough votes for John J. Bell to defeat Judge Boone and elect D. P. Carr they will be satisfied, but they will not be able to do it. Most of them would like to see a republican elected to the house from this county and they are working with a will to that end.

THE record of Thomas B. Catron is known even in Colorado. The Durango Democrat compliments him thus: "Tom Catron has been nominated for delegate to congress by the republicans of New Mexico. Tom has a record that would stink a Ute out of his tepee."

THE next legislature of New Mexico must be democratic so that the senate of the United States may see that the democratic majority in that body will not be jeopardized by the admission of this territory. Democracy and statehood go hand in hand.

TWO YEARS ago Grant county gave a majority of five to Catron for delegate to congress and the self-respecting people of the county have been ashamed of it ever since. The Catron vote in Grant county next month will be a good deal lighter than it was two years ago.

THE county commissioners are the most important officers in the county. The democratic candidates for commissioners are all men of honor and integrity. Vote for them if you want the affairs of the county administered honestly and economically.

JUDGE SEEDS had a good opportunity to get acquainted with Catron during his term as judge in this territory. He has written a number of letters in which he carries the idea that the man of "brains and energy" is not a man entirely above reproach.

DEMOCRATS in New Mexico will be entirely satisfied as long as the republican party in the territory clings to Catron. By continuing this course the best republicans will be driven out of the party.

THE republican organ at Santa Fe is howling about the democratic campaign fund. Why doesn't it suggest to Mr. Catron that he open his bar'l so that it can get a slice of the pie?

THE republican candidates may be seen on the corners in little knots meditating on the vicissitudes of this cold and cruel world. They have seen the handwriting on the wall.

THE shoe is beginning to pinch the corns of some of the republican candidates pretty hard. They are squirming vigorously.

IT WILL NOT be necessary for the voters of Grant county to put their ears to the ground next week to hear something drop.

SLIPPERY is about as smooth as an eel, but it must be remembered that there are such things as eel traps.

THE republicans are on the run, and in a few days will be crying for quarter.

YOU can't vote if you don't register. Register next Saturday.
